

Rohmann GmbH invites you to the

4th AEROSPACE SYMPOSIUM

on 13th and 14th March 2024 in Frankenthal, Germany

The 4th Aerospace Symposium organized by Rohmann GmbH provides an opportunity to aviation experts from Germany and abroad to inform themselves on topical issues in the field of non-destructive material testing.

The symposium offers interesting specialist presentations and is a perfect platform for exchanging information with the other participants and for forming networks in order to make new contacts.

In addition, you will have the opportunity to get to know our company and our products for the aviation and aerospace.

We expect numerous specialists from the field of aviation and aerospace:

• Specialist presentation of the aviation company: **AIRBUS**

• Specialist presentation of the airline: **ALENIA AIRLINES**

• Specialist presentation of the company: **ZEPPELIN**

• Specialist presentation of the company: **NTN-SNR**

• Specialist presentation of institute for plastics technology: **IKT**

• Specialist presentation of the aviation company: **Rheinland Air Service**

• Specialist presentation on PT/MT and NADCAP: **ATG**

• Specialist presentation simulation: : **TransValor**

Look forward to specialist presentations by our experts:

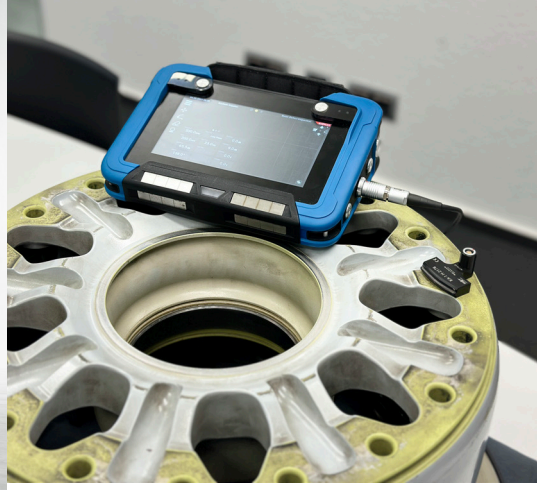

- Dr. A. Gopalan, Head of Development
- G. Grzonkowski, Head of Projects and Systems
- T. Schwabe, Sales Engineer

The following live demonstrations await you:

- **ELOTES M6** - The new hand-held instrument with array technology
- **EloScan** - Automated inspection of engine parts
- **EloWheel** - Inspection of airplane wheel rims
- **Flexitest** from n-dect GmbH
